You may remember queercore folkster Bitch from her days duetting with girlfriend Animal on Righteous Babe records. Though the pair of politicians broke up, **Bitch** found fresh breath with her new

band the **Exciting Conclusion** and her self-started label Short Story. Still opinionated but considerably less browbeating, the Exciting Conclusion brings a post-punk rock bent to Bitch's stripped-down violin and vocals, providing a far sturdier foundation for her slam poetic prowess. Where she once smacked of Ani, she now nods to Karen O, begetting Bitch a frontwomanship that will appeal to supporters and detractors alike — and compounding her musical allure without sacrificing her beliefs.
